Annual Appeal

Dear Friends-

We live in an ever-changing world. We must do our work with an eye toward seeing and anticipating those changes. During the year we look to the people we serve to help us understand how changes are affecting them and how we can and need to adjust the delivery of services to meet their needs. To this end, one change we've made here is to expand our office hours to meet even more needs we're seeing in our community. We'd also like to begin considering expanding services through satellite offices, though the extension that requires is significant and we must be careful to be sure it can be a successful endeavor.

As a friend of ANHC, you play an important role in supporting members of our community that have been impacted by domestic and sexual violence. To date in 2016, we have already **sheltered 46 families (80 total people)**, which is an increase **from our average of 35-40 families per year**.

Another necessity we knew was needed in our community was a safe place for children to visit with a non-custodial parent. There are a number of reasons why one parent is not able to see their children. A safe place needed to be built, equipped and staffed. We were able to secure funding to support a **Supervised Visitation Program**. This is the first one of its kind in Tioga County. Since beginning the program, we have been able to serve **64 families and 83 children**. One parent recently shared what she valued most about using the program, "I know when I drop my child off, they will be safe and they will be there when I return to pick them up!"

Through the end of October, we have served **989 people** through the non-residential services' program. To put this in perspective- we **served 1035 people total in 2013; in 2014 the number served was 1065; in 2015 it was 1169 people served**. As you can see, our numbers keep rising. **Would you please consider continuing your support of A New Hope Center and the people we serve?**

Sincerely,

Francis J. Bialy  
Executive Director
